SHELLI & STERLING

Dear friends,

If you're a papercrafter, chances are you remember your first experience with stamping. I will never forget one of mine.

I stamped a single image on a note card (a baby carriage) and the result delighted me—it was my very own work of art! Do you know the feeling? For a new stamper, creating images with stamps, ink, and paper really is a little bit magical.

Stamping with a demonstrator and a group of friends is even better, like icing on the cake! You talk, you laugh, you share, all while creating handmade projects that give you a sense of achievement—and the experience can be life-changing!

I hope you'll have fun looking through this catalog while planning your own works of art. And remember, your demonstrator will be happy to answer any questions you may have while showing you the magic of stamps, ink, and paper.

Before I close, I also want to give a shout-out to our amazing friends in Canada. They've been very important members of our global Stampin' Up! family for 15 years now, and we want to thank them for sharing this creative journey with us.

Enjoy the catalog, everyone!

EXPLORE, EXPERIMENT,

Start small and grow from there. We've got what you need to create unique, handcrafted projects.

Every project—and every stamper—is just a bit different, which is why Stampin' Up! offers unique styles of stamps. All stamps are made in the United States and are packaged in uniformly sized cases with images on the side for easy storage and guick reference. The stamp medium is listed in each stamp set description. Give our stamp styles a try.

All stamp artwork is shown full size unless otherwise noted.

CLASSIC RUBBER

Red rubber stamps are made using high-quality rubber that allows for detailed images. Red rubber stamps come in two options:

Clear-Mount

Come with a compact set of stamps ready to mount on reusable clear blocks (sold separately). Work your stamping magic, then remove the stamp from the block and store everything away for your next project.

Wood-Mount

Come in larger plastic storage cases and include both stamps and one maple wood block per stamp (in coordinating sizes). Once you've mounted the red rubber stamp on the block, it will always be ready for you to use right out of the box.

PHOTOPOLYMER

The transparent nature of photopolymer stamps makes it easy to line up images for precision placement. Mount the stamps on reusable clear blocks and see where your creativity takes you!

1. Mix & Match

Combine multiple stamps on a single block.

2. Repeating Patterns

Create backgrounds by repeating images to fill the page.

3. Clear Olignment Perfect for alphabet sets or builder stamps.

4. Two-Step

Layering two or more stamped images is called Two-Step Stampin'®. Look for sets throughout the catalog marked as Two-Step.

> No need to purchase duplicate blocks; one set of reusable clear blocks will work for all clear-mount and photopolymer stamps!

make your project!

Take note of our five new In Colors® (p. 184), which will be available for two years!
